**THE SQUASH ROCKS PROGRAM** is our unique way to support inner-city youths here in Richmond. We partner with the YMCA, CHAT, and other organizations to deliver our activities and programs to roughly 25 aspiring inner-city youths in middle-school and high-school. Our programs revolve around teaching the sport of squash to these children hand-in-glove with their academic and social skills tutoring. We provide on-court training and competition, meals, transportation, and educational and cultural activities. We couple these life success skill activities with academic tutoring offered at CHAT, so that the children are highly motivated, broadly experienced, and have an increased chance to succeed in life's challenges.
